

REMARKS

Claims 1, 7-10, 13 and 14 have been allowed in this case.

Applicants submit that the amendment to the first paragraph of the specification merely updates the status of a related application. Applicants further submit that the amendments to the specification in the subsequent paragraphs correct the much regretted typographical errors with certain reduced isocalpha acids as 'isoadhumulones'. Support for these corrections may be found, for example, in the chemical structures depicted in Figure 2 or in the chemical structures depicted in the original claims.

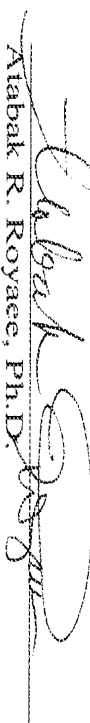

Applicants submit that the above amendment do not add new matter; nor do they necessitate examination. Entry of the amendments is respectfully requested.

If there are any questions regarding this amendment and remarks, the Examiner is invited to contact the undersigned at the telephone number provided below.

No fees is believed to be due for filing of this paper. However, the commissioner is authorized to charge any fees required in connection with the filing of this paper to our Deposit Account 50-1133.

Respectfully submitted,
